Report Period: Aug 28-Sept 10

Summary of Progress in this Period

We had our first group meetings both with just our team and with our client to come up with initial project requirements.

Pending Issues

Nail down times for recurring group meetings

Update our requirements document with the new information we received from our client

Plans for Upcoming Reporting Period

We haven't really had consistent communication and meetings with our group so far so our plan for the next reporting period is to have a consistent schedule of meetings and to get started on the design aspects of our project.
