September 25 - October 8

Summary of Progress in this Period

Figuring out how we want to approach this project, figuring out our actual requirements, and making sure everyone is on board.

Pending Issues

Meet with our faculty advisor, Thomas Daniels, to get more solid requirements and to acquire the resources needed, such as a server.

Plans for Upcoming Reporting Period

Determine whether we want an executable or our service hosted on a server. Set up a meeting with Thomas Daniels.
